

2009 SUMMER LIBRARY SERIES
MASTER GARDENERS GROW IT EAT IT INITIATIVE

Do you want to know more about growing your own food?
Have you been wondering just how to go about starting your own garden?

Let a Frederick County Master Gardener guide you through the basics of planting your own vegetable garden – from Raised Beds to Fall Garden Prep!

Experienced, well-trained Master Gardeners are hosting **FREE** sessions at local library branches to help you - the new gardener - start your own Vegetable Garden.
