North Glade 4-H Club News

Madelyn McKnight, Reporter

The North Glade 4H Club held its monthly meeting on Wednesday May 21st at the club building. Vice President Mathew Stoner discussed old business including Spring Weigh In and District Show that was held May 9th and 10th. Land Design donated and delivered mulch for around the club building. Plants will be placed when the weather breaks. Autumn Custer, club President congratulated our high school senior graduate Riley O'Brien and expressed our clubs support for him for his future and conveyed how much he has blessed our club throughout the years. We all wish him the best after graduation.

Club members were reminded to have animal quality assurance training completed by the July 1st deadline. Cow patty bingo tickets were handed out to club members to sell and have returned by our next meeting. The highlight of the meeting was when Autumn Custer, Lea Custer, Matthew Stoner, and Nathan Stoner gave a presentation on livestock judging. They described what they look for in each species of animal and how they place them during competitions. They explained to members how they (as judges) are judged during the competitions and showed us how their scores are calculated. They will be traveling to Texas for a livestock judging camp next month to gain more knowledge and we can't wait to hear about it. The next meeting will be held on June 18th at 6pm at the club building.
