“Junior exhibitors and Novice 4-H/FFA exhibitors of any age in any species are **REQUIRED** to participate in one of the following. All other 4-H/FFA exhibitors are encouraged to participate in one of the following:

Additionally, Dairy Steer exhibitors may attend a Dairy Workshop.

C. Other livestock related events must be approved by the Department Committee of the type of Species and the livestock sale committee prior to participation.”

**The wording that is bolded is the change in which 4-H members need to attend a workshop for a species they are showing and cannot attend a species workshop of something they are not weighing in.**

### Animal Health Papers

---

**NEW FOR 2026!** If you haven't already heard, there have been changes for health papers for 2026. This will be the last year that physical health papers will be accepted in 2026 as the Maryland Department of Agriculture moves to electronic health forms. Electronic or physical health papers will be accepted in 2026, but starting in 2027, ALL health forms will be electronic. The other big change starting this year is that health papers are only good for **60 days!** That means that you will need to get health papers on your own this year to be able to exhibit at the fair. Make sure that you are planning ahead to schedule an appointment with your vet for papers for your first show along with making sure your health papers are good for the Carroll County 4-H & FFA Fair!

### Attention Poultry Judging Enthusiasts!

---

Have you ever wondered how to tell which of your chickens is the best layer? Why you'll love it:

**Be the Judge:** Learn how to spot a champion and grade eggs like a pro. You'll never look at an egg the same!

**Talk the Talk:** Gain the “main character” confidence needed to succeed at public speaking.

**Travel & Compete:** Level up from clover opportunities at the county level, local contest to state and national competitions!

**Stand Out from the Crowd:** Master skills that most people don't even know exist!

**Judging Practices will be held at 7pm at the Extension Office on June 16th and July 21st, July 28th.** If you are interested and/or have any questions, please contact Elsie McKenzie at [efarmgalore@yahoo.com](mailto:efarmgalore@yahoo.com) 6

## Maryland State Fair—Equestrian Entries

---

To ensure safety at the Maryland State Fair, please spend time reviewing the [Horse and Pony Rulebook](#) and the [Maryland 4-H Bit Guide](#). The rulebooks and guides will be followed strictly at the fair and failure to be in compliance with these guides and rules can result in a disqualification of their event. Entries in the fair will be checked before each event to verify compliance with the guide and rulebook. If you have any questions about meeting requirements to show at the Maryland State Fair, please contact Brooke Knauss at [bknauss@umd.edu](mailto:bknauss@umd.edu), Horse Show Superintendent.

## Horse Requirements per MDA

---

If you are planning to show a horse at the Carroll County 4-H & FFA Fair or the Maryland State Fair, please make sure you read through the required documents that you will need to provide per the Maryland Department of Agriculture through the [Maryland Animal Health Exhibition \(Fair and Show\) Requirements](#) (page 15). This will outline the different documents that you need to have on hand when you go to a show in Maryland.

## NEW Rabbit Judging Program!

We are excited to announce the launch of a Rabbit Judging Program here in Carroll County. This program is for youth who want to learn more about show rabbits or who are interested in starting a serious breeding program. Participants will develop the skills needed to evaluate rabbits based on ARBA breed standards, body type, condition, and overall quality...similar to livestock judging. They will also learn breed identification and how to give oral reasons, explaining their decisions clearly and confidently, which builds public speaking, critical thinking, and decision-making skills.

### What this program is:

- A hands-on learning experience where youth develop skills in evaluating rabbits and understanding what makes a high-quality animal.
- An opportunity to learn about rabbit breeds, conformation, health, wellness, and husbandry skills.
- Structured, educational, and fun, focused on growth, confidence, and becoming a knowledgeable judge of rabbit quality.
- Fully interactive, with active participation in judging exercises, discussions, and practice sessions.

### What this program is not:

- This is not a 4-H club or club meeting.
- It is not a program for pet rabbits. This focus is on rabbits for show, exhibition, or serious breeding, working toward the ARBA Standard of Perfection.
- It is not a rabbit show or breeding program itself, though participants will learn about these topics.
- It is not a competition requiring top-quality, but the goal is learning to evaluate and judge quality.

The program is a great way for youth to develop expertise, confidence, and a deeper appreciation for rabbits as exhibition animals while gaining practical skills in judging and improving their own stock.

**Rabbit Judging Practice Dates will all take place on the following Friday nights from 6:00—8:00pm at the Extension Office:**

July 10th

County Contest will be held on July 24th for state fair team selection.

Practices will then resume after the fair on the following dates:

August 7th, August 14th, August 28th and September 4th

4-H judging programs are open to all interested youth between the ages of 8-18 years old as of January 1, 2026.

# UME Volunteer Training

If you are interested in becoming a UME Volunteer, please email Becky ([bridgeway@umd.edu](mailto:bridgeway@umd.edu)) to start the process. She will send an email with the requirements that must be completed as part of the on-boarding process. You may register as a volunteer in 4-H Online, but until you complete all of the required trainings and background check, you are not certified to serve as an official volunteer for the 4-H program. The training can all be completely done from the comfort of your home.

## Fair Reminders

**Everyone** is welcome to participate in Fair Board meetings held at the Extension Office/Ag Center. The next meeting will be on **June 24th at 7:30pm**.

**2026 Fair Dates— July 31—August 8, 2026**

**2026 Fair Theme—** Celebrating 250 Years of American Freedom, Farming, and Future Leaders

**Too many ribbons?** Don't throw them away. If they are in **good** shape, drop them off at the Extension Office and we will recycle them for next year. Ribbons should not be wrinkled, written on or missing strings. We cannot accept State Fair ribbons.

**Fair Fundraisers—** The fair is currently holding several different types of fundraisers and they need the support of families to participate. Keep an eye out on social media, email and in-person events to learn more about these fundraising opportunities to support our 4-H youth participating at the fair!

**Indoor Building Reminders—** This month I will focus my column on the **Food Department**. In the food department, Division 05 continues as the "Baking for Specialty Diets". The Cookie of the Year will be "Cookies and Cream Cookies" and the Cake of the Year will be "Cookies and Cream with a Cookies and Cream Buttercream homemade icing". Food Day will be Wednesday, August 5th. The Cake Auction and Bake Sale will also be that same evening. Now is the time of year to get your recipes together and practice baking the items you want to enter at the fair. **Cake disc are available at the Extension Office now.**

4-Hers with livestock projects at the fair are encouraged to give an informal demonstration in the barn (this includes poultry and rabbit too!). Make sure to pre-register in the **Informal Demonstration Department (I-14)** before June 10th. Once you have give your demonstration you will have completed your communication requirement for that specific project record! You will also receive a premium and a very pretty ribbon.

We want our 4-Hers to enter all of their exhibits and we want our buildings full of exhibits! Take the time to consider what projects you should be able to complete to enter at the fair. Remember there is a simple substitution system within the indoor building departments. You can take an entry tag and change the class number if the substitution is made within the same department. For example, if you enter in the craft department a jewelry item, but made a holiday ornament instead, you can simply update the jewelry entry tag to the correct section/class number for the holiday ornament and enter! Please know that you cannot take a tag you have for the photography department and try to switch it to the home environment department, that tag would not be accepted.

**Don't forget that writing entries are due to the Extension Office by June 24th!**

Questions? Reach out to the specific department superintendent. Their information can be found within the department rules.—Sandra Stonesifer—Indoor Department Superintendent ([sandys45@netscape.com](mailto:sandys45@netscape.com))
